*Beautiful Crystal  
for Beautiful People*

**SINCE 1984**

On the 1st April 1918, the Royal Flying Corps merged with the Royal Naval Air Service to form the Royal Air Force. Majestic Crystal would like to congratulate the magnificent men and women of the world's finest air force on their Centenary!

# About us

Introducing *Majestic Crystal*, a breath of fresh air in a world that treats everyone the same - we know you're special.

**W**hether you require a single piece to give to that special person in your life, a complete table of fabulous prizes for a major club competition, or several hundred pieces for the next big corporate event, we feel certain that you will find inspiration within these pages.....

Cover picture: Olympus Decanter, Tumbler, Flutes & Goblets - pages 19 & 23

A fine example of our craft - we are frequently humbled by the dedication and service that we are asked to help commemorate!!

26 & 33

**Majestic**

*It's in the name*

“ Thank you very much for taking the time to read this, our current eclectic compendium of crystal canvasses, packed full of bright ideas for your next presentation. ”

# Life's Landmarks

From births, christenings, 18th and 21st birthdays, engagements and weddings, significant other birthdays, through to retirement via those important milestones of life.

Laurie Johnson, a member of top hundred golf club Northants County for over half a century, recently had the good fortune to achieve two holes in one at the 166 yd 3rd hole in consecutive months!

Manager Elaine McBride decided that a commemoration was in order, suggesting a couple of matching Tee Lights appropriately engraved. (Laurie is 80, still plays off 15, and now has had 9 holes in one!)

# Messages of Love...

From the eye to the brain is an inch or two, and from the eye to the heart is only slightly further - these Barley pieces will be certain to please your eye, and when engraved, your heart.

*Don't spend ages wondering what to say - we do this every day.....!*

## 04 - LIFE'S LANDMARKS

How we can help you celebrate those important events with our wonderful selection of beautifully and appropriately engraved crystal.

## 10 - TANKARDS

The staple of many commemorative occasions, with your logo and sincere message, what could be nicer than adding your preferred ale to complete that sense of well being?

## 18 - DECANTATION STATION

Decanters and Jugs, with matching vessels. Jugs - Wine? Juice? Water? Pimm's? Flowers? Your selection, consecutively rather than simultaneously we would humbly suggest.

## 24 - BEAUTIFUL BARLEY

Barley (*Hordeum vulgare*) is a member of the grass family, used in certain beverages. Barley Crystal however, is simultaneously modern, classic and retro. We think you will quite possibly enjoy exploring the difference.

## 30 - RAF CENTENARY

Our RAF Centenary suggestion selection - although we have many more - should you care to peruse and hopefully approve - the rest of (y)our book of bright ideas

## 40 - PLAQUES, PLAQUES & PLAQUES

Entirely appropriate whatever the event or occasion. We can't think of a single circumstance where these wouldn't be desired, acquired and admired - especially with (y)our beautiful engraving.

## 48 - DAISY BOWLS & VASES

Modern crystal shapes, with genuine hand cutting in a range of lovely and romantic styles - Engagement? Wedding? Anniversary? Some pieces featuring diamante - how lucky are you? Rhetorical question....

## 06 - CONTENTS - THESE PAGES!

It is always good to know where you are, and if you know where you would like to be, it's even better to know how to get there. We are always available to chat on the telephone if you would like any advice.

## 12 - TUMBLERS, TIPPLES & A (SHOT) TOT

The answer to not having to leave the table - the smaller measure. Hiballs are probably our most versatile vessel, they could well be yours too. Nine times out of ten.

## 22 - BOXED PEARS

So very versatile, it is worth keeping a couple in your office ready for that unexpected presentation situation. They don't however count as any of your Five a Day.

## 26 - THE JOY OF SETS

We proudly present a selection of our favourite Menage a Trois, ideal as a 1-2-3 run for a logical run of prizes at more or less any competition or presentation situation.

## 36 - GOLF CLUB CAPTAINS

More than a few ideas to assist you in commemorating and celebrating probably the most significant twelve months in your golfing career. Please call to discuss your Captain's Day - we love to chat!

## 46 - MODERN HANDCUT VASES

Modern crystal shapes, with genuine hand cutting in a range of lovely and romantic styles - Engagement? Wedding? Anniversary? Some pieces featuring diamante - how lucky are you? Rhetorical question....

## 56 - BIG IDEAS

There is a school of thought which believes that less is more. This is often the case. When more is more though, why not push the boat out and treat the person or club to some genuine Majestic Magnificence?

## 08 - ENGRAVING CHARGES

Each price in this brochure includes the engraving of your design once we have originated your logo/artwork/design. If you are unsure of anything at all, please email or pick up the phone.

## 14 - WINE, GOBLETS & FLUTES

With a selection like ours - which could easily be yours, the liberation of your favourite libation will surely be even more pleasurable.

## 23 - THE OLYMPUS SUITE

New for this year with a clarity and Art Deco brilliance which is quite - brilliant. Boxed pairs are an added bonus!

## 28 - FINE & BRANDY

We present a modest, and at the same time comprehensive selection of crystal balloons and snifters for your brandy bracers. Nelson Ship's Decanter a consistent favourite for the club environment.

## 38 - WHOLE IN ONE

The coveted event requiring significant commemoration - we politely show you our selection of relevant crystal pieces, however we are always open to new ideas and suggestions.

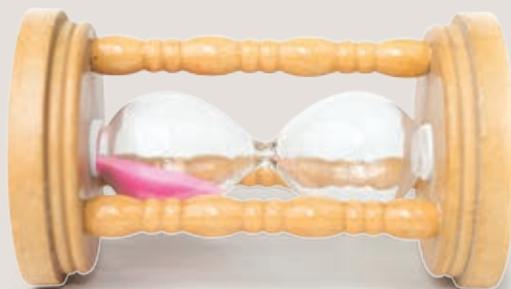

## 47 - PILLARS & FLINGS

When you just can't find what you are looking for, have a gander at page 47, and we think you will be delighted with these unusual and iconic (that word again!) pieces.

## 59 - WOOD FROM THE TREES

We can make a hardwood base for any piece in this brochure, why not drop us an email, or pick up the telephone to tell us your ambitions. Then you can tell us about the base you would like...

*If time is important to you, please give us as much notice as possible*

## Box Prices

Single item box	<b>£4.80</b>
Pair box	<b>£5.80</b>
Decanter box	<b>£6.50</b>
Small bowl box	<b>£7.50</b>
Large set box	<b>£8.95</b>
Large bowl box	<b>£12.00</b>

If you don't require presentation boxes, we will carefully pop your crystal into a box that looks something like this.

*Cushioned comfort for your crystal!*

# Your Artwork

*Your artwork is important to us - we consider ourselves to be the finest crystal engravers on the planet, with meticulous attention to detail at every stage of the process.*

If you would like to find out how great your crest or logo could look on a stunning piece of crystal, why not email the best artwork you have? We will then prepare samples for your perusal - and hopefully approval. There is no obligation with this service, and we only charge origination\* on your first order. Why not phone us for a chat?

*\*Origination time/fee depends upon the quality of the supplied artwork file. Vector files (.ai .eps) preferred.*

Vector file of logo at 100%

Vector file of logo at 300% - no loss of quality

JPEG file of logo at 100%

JPEG file of logo at 300% - already loss of quality

*If this is the only big file you can find, please talk to us!*

The small print- we only use vector files, those we have been sent or we have created. Whilst a .jpg may look useable, they usually need to be redrawn as they are often of not high enough resolution. Vectors can be scaled without deteriorating - these will have an .ai or .eps file extension - you won't be able to open them, but we should be able to. If you can't find any of the above, maybe post us a napkin or your business card... We didn't think you'd actually read this!

*What's your  
Big Idea?*

Traditionally, when the port is passed around to each guest at the end of a meal, the decanter should not come to rest until it returns to the host. The round bottom of the Hogget decanter ensures that a guest, who may have forgotten his manners, cannot "hog" the port as they can't put the decanter down!

So in this way guests are handed the decanter, pour themselves a glass, and then have no option but to pass it round the table.

A hogget is also a domestic sheep between one and two years of age.

To avoid any confusion.

A truly magnificent piece of a quality not found outside of this brochure.  
30cm tall.

# Classic Tantalus

Named after the mythical Greek Tantalus who stole ambrosia from the gods. Ambrosia is a desert that bestows immortality. (Made from oranges and coconut in case you would like to try this at home.)

**TANTALUS** FEATURING CUT SALISBURY DECANTERS

Tantalus complete with two handcut Salisbury Decanters, featuring a key to stop some low life liberating your favourite liquid inspiration.

**£185.00**

His punishment was to stand in a pool of water that receded every time he reached down to drink from it. Overhanging the pool were boughs laden with luscious fruit. Each time Tantalus stretched to pluck this juicy sustenance, the boughs receded from his grasp. In case anyone asks...

Shown here are two recent commissions with a Hole-in-One theme. The idea is that they are left on the bar of the club and anybody achieving a hole-in-one fills the decanter, with their name and hole being displayed on the card at the front.
